

MAG ZINE DANCE THE WORLD AT YOUR FEET

June 2006

Vital Signs

Film Month in Film Town

Dance Camera West lavishes more than 50 films on Los Angeles for its fifth summer film festival. At REDCAT on June 2 they'll show two films that are sure to have the edge on edge: Wim Vandekeybus' *Blush* and Wayne McGregor's *Tremor* (above with Antonia Grove). The next night, documentaries about choreographer Rudy Perez and educator Martha Myers will be screened, followed by a Q & A. Later in the month, film-or-dance buffs can go to The Aero Theatre to see Carlos Saura's steamy dance movies. See www.dancecamerawest.org for the whole schedule.
