Dance Camera West, as one of the foremost dance film festivals devoted to the art of "dance made for the screen," announces its seventh annual month-long festival.

Dance party to follow event.

This film festival, which features dance media in all forms, is a unique cinematic experience that focuses on the intersection of cinematography and choreography. The Los Angeles Times named the DCW festival 'Best of LA' for both 2006 and 2007. Partnering with some of our most prestigious venues in Los Angeles, the festival offers a global perspective of a new visual language. The programming consists of experimental shorts, documentaries, features, and symposiums with visiting international artists.
